

About the Doctor

Dr. Trista DeLuca received her post-secondary education at Lake Superior State University in Michigan and earned a Bachelor of Science Degree in Human Biology and Doctorate of Chiropractic at Logan Chiropractic College in Chesterfield, Missouri. Since 1998, she has been in private practice. Dr. DeLuca maintains a family practice in which she cares for everyone from infants to the elderly. Striving to provide the best care for her patients, Dr. DeLuca regularly attends seminars to continue her professional education which updates her knowledge about work injuries, auto injuries, degenerative diseases, pain management, and nutrition. Dr. DeLuca's major concern is always health and wellness. She welcomes all to her chiropractic family.

Why Has Chiropractic Become So Popular?

Chiropractic is effective, safe, and gentle because it respects your body's natural healing and recuperative powers. It is the most popular drug-free, surgery-free healthcare system in the world.

Why Refer To Our Office?

- Over 9 years proven success rate of patient management and follow-up. Patient evaluations insure the utmost quality care.
- Our pleasant office, professional staff, patient satisfaction, and case notes have been the foundation that built and continues to maintain our referral relationships.

During First Visit

- Healthcare needs will be discussed in detail
- A comprehensive examination will be performed to locate the cause of the problem
- Safe, low dose x-rays will be taken on site, if necessary
- A review will be scheduled to discuss specific needs and make recommendations
- Referrals will be made to the appropriate specialists when needed

Mission Statement

Our number one priority is the patient. We value our patients' time, privacy, individuality, and confidentiality. We seek to provide service beyond expectation.
